Excellent, thanks very much Bryan! I will put the Agreement in final, sign it and send it to you as a pdf. Once the Chairwoman signs it, you can email it back to me as a pdf. We will then attached a cover Resolution Letter and send it to you and the Complainants. I expect to be able to send that back to you tonight or early tomorrow. Thanks again for all of your assistance and support on this!

Hello Bryan – here is the revised agreement as I stated earlier (clean and redlined). I am authorized to finalize and sign this agreement with these edits. Please let me know if you have any questions and whether you would like to discuss. I am off tomorrow, Friday but can certainly give you a call from home. Thanks in advance for your assistance on this!

Hello Bryan, hope you're doing well. I wanted to let you know that I have not sent you a final of the Agreement because my principal has a couple more edits he would like for us to make. The edits are primarily to the General Section (Section IV) and a general statement at the beginning of Section III, to make clear that EPA does not intend to monitor HDOA's compliance with your own state legislation or with FIFRA moving forward, as you have already committed to carrying out those obligations, and to make clear the steps we do intend to monitor. I am working on this now and hope to have a revised draft for you to review today.

Thanks and so sorry for the additional revisions. Lilian

After that I hope to send the doc t you in final and signed by me by tomorrow. Thanks again for your help! Lilian

Lilian,

1. HDOA is in agreement with your proposal below on paragraph D.6. Thank you very much.
2. With respect to paragraph E.4, I suggest the following:

“HDOA will develop and implement a protocol for notifying the general public and members of the agricultural community of the pending prohibition of all pesticides containing chlorpyrifos as an active ingredient pursuant to section 149A-31(7), Hawaii Revised Statutes. [~~HDOA will establish a collection and disposal method for pesticide products containing chlorpyrifos.]”~~

3. The language in the first sentence references the statutory requirement. I propose deleting the second sentence because HDOA does not have a collection and disposal method at this time, does not have the funds to create one at this time, and because the collection and disposal would not be needed until January 1, 2023 anyway. So, if unchanged this would be an open requirement for approximately four years. Let us know what you think.

Thanks,

Bryan.

Hello Bryan, I am trying to stick as close to the language bellow that you sent me yesterday while trying to fix the language of the last two sentences a bit. How about the following:

What you sent back yesterday:

~~[Within one (1) year of the signing of this Agreement,]~~ HDOA will request the Environmental Mediation Center, or other similarly neutral entity, to conduct further analysis and review of the efficacy of the Good Neighbor Program. HDOA will request the reviewing entity to assess the success or failure of the program, offer suggestions for improving the program, and identify ways in which current agricultural pesticide best management practices can be incorporated into the Good Neighbor Program. HDOA will request that ~~[post]~~ any resulting report be initiated within one year. The report will be posted on HDOA's website ~~[upon receipt of the report].~~

With my modification:

HDOA will request the Environmental Mediation Center, or other similarly neutral entity, to conduct further analysis and review of the efficacy of the Good Neighbor Program. HDOA will request the reviewing entity to assess the success or failure of the program, offer suggestions for improving the program, and identify ways in which current agricultural pesticide best management practices can be incorporated into the Good Neighbor Program. HDOA will initiate this request for further analysis and review within one year. HDOA will request that ~~[post]~~ Any resulting report be initiated within one year. The report will be posted on HDOA's website.

Also, I have one other issue to discuss with you – a request regarding E4. May I call you at 9:30 your time (3:30 mine)?

Thanks! Lilian

Thanks Bryan. The reason I changed the next to last sentence is that it didn't quite fit to just change completed to initiated. So as you have it now it says that any resulting report will be initiated within one year but that did not quite make sense to me. That is, there can't be a resulting report until you initiate the study/ review itself? That sentence used to say that any resulting report would be posted on your website. I thought the understanding we came to is that you would initiate the study ie the request for the review/analysis by this or other group within a year and since we had to define when the clock starts it would be within a year of the agreement? Can you please take another look at the wording of that next to last sentence and whether there is a way to clarify? I will take another look as well. I am not wed to the language I used as long as it's clear what's being initiated when. Thanks so much!

Hi Lilian,

Thank you very much for sending this to us so quickly. I noticed, however, that the wording you just gave us differs from the wording we agreed to on the phone. We agreed to the original wording, plus two specific changes:

- (1) change "prepare a report assessing" to "assess"
- (2) Change "completed" to "initiated".

The wording we agreed to on the phone differs from the proposed wording you sent. The differences are noted in a redline-like format as follows:

[~~Within one (1) year of the signing of this Agreement,~~] HDOA will request the Environmental Mediation Center, or other similarly neutral entity, to conduct further analysis and review of the

efficacy of the Good Neighbor Program. HDOA will request the reviewing entity to assess the success or failure of the program, offer suggestions for improving the program, and identify ways in which current agricultural pesticide best management practices can be incorporated into the Good Neighbor Program. HDOA will request that [post] any resulting report be initiated within one year. The report will be posted on HDOA's website [upon receipt of the report].

Except for the two changes noted above, the other revisions are to bring the paragraph back to the original wording you had previously signed off on.

Thanks again,

Bryan.

Thank you for all your work and patience on this matter. We met with the new chair for the Hawaii Department of Agriculture (HDOA) and believe we are very close to full agreement. We are asking that the following changes be made to the Informal Resolution Agreement:

1. Paragraph D.1. Please substitute the term “participating” for “large.” We don’t believe large agribusinesses should be singled out, as information from smaller agribusiness operations is also important.

2. Paragraph D.6. We are requesting that this paragraph be deleted. Although this might be something we do moving forward, we have concerns about including this requirement in the Agreement at this time.
3. Paragraph D7. This paragraph should be deleted. We have significant concerns about advocating for pre-notification contacts. The Good Neighbor Program is a voluntary program, and is reliant upon the willingness of businesses to participate. HDOA cannot in good faith advocate for pre-notification contact when to do so would significantly discourage businesses from participating, resulting in major damage to the program.
4. Paragraph E.3. Please including the phrase “a method to request hard copies of” in the first line. Unfortunately, our website will not accommodate the large maps required by this condition. But we will provide hard copies to anyone who asks, and will post on the website how one can ask for hard copies.
5. Paragraph E.4. Please substitute the phrase “prohibition of all pesticides containing” for the phrase “revocation of all tolerances and cancellation of all registrations for”, and add “as an active ingredient” at the end of the first sentence. We believe this will more accurately reflect state law, as state law does not reference tolerances or registrations, and does contain the phrase “as an active ingredient.”

6. Paragraph F.1. We request that the deadline be changed from three (3) to four (4) months. Although we will make every effort to comply as soon as possible and have already posted Notices of Non-Discrimination” on our website and agendas, we are asking for the additional month to ensure that we can comply with all the other terms of this condition.
7. Paragraph IV.D. We ask to add the phrase “to the EPA” to clarify to whom the reports are being sent.

This is a complete list of our concerns and requests. If you are in agreement with the proposed changes, we are prepared to sign. If you have concerns, we would welcome a meeting. We will arrange for the HDOA chair to also attend.

A copy of the document with HDOA’s requested handwritten revisions is attached. I will talk with you on Monday.

Good afternoon all,

As you may recall a final version of the Earthjustice EPA/HDOA resolution agreement was circulated for review on April 16, 2019. This agreement was the result of negotiations between HDOA and EPA that has taken place over the last several years. The draft resolution agreements leading up to this final version were provided to HDOA and each commitment received approval from the prior administration. I have attempted to facilitate the closing of negotiations with EPA through this final resolution agreement.

HDOA has not responded to my inquiries regarding the status of this negotiated agreement. Accordingly, I have turned this matter over to Supervising Deputy Attorney General Bryan Yee available at (808) 586-1501 [byran.c.yee@hawaii.gov], and Deputy Attorney General Jennifer Waihee-Polk available at (808)

586-1192 [Jennifer.d.waihee-polk@hawaii.gov].

The email from EPA attempting to schedule a conference call with HDOA will be forwarded to HDOA for further action.

Thank you for your cooperation!!!
